Overall summary

The inspection was carried out on 7 and 10 July 2015 and was unannounced. This was our first inspection since the provider was registered with CQC to provide a regulated activity.

The Limes Residential Home is registered to provide accommodation for persons requiring nursing or personal care for a maximum of 32 people. At the time of our inspection 28 people were living at The Limes Residential Home some of whom have physical disabilities or are living with dementia.

The service had a registered manager. A registered manager is a person who has registered with the Care Quality Commission to manage the service. Like registered providers, they are 'registered persons'. Registered persons have legal responsibility for meeting the requirements in the Health and Social Care Act 2008 and associated Regulations about how the service is run.

At The Limes care is provided on three floors. A lift is available for people to access the rooms on the upper floors. A large dining room and three lounges are located on the ground floor. The garden was well maintained and people had access to the outside areas.

Care provided at The Limes was not safe. Medicines were not managed safely and safeguarding incidents were not
